PERSONAL BACKGROUND

I have always had a passion for technology and problem solving and I am excited to turn merge those two interests into a career in development. Having been raised in a creative and free-thinking household, I have loved learning new skills and allowing them to help me grow. I am excited by urban planning / city infrastructure, creative solutions to ordinary problems, and community involvement.

WORK EXPERIENCE

JUNIOR FULL STACK DEVELOPER

Nashville Software School | January 2019 - present

Intensive full stack software development bootcamp focused on career-preparedness and industry demands.

SALES ASSOCIATE

Cumberland Transit | December 2017 - present

I continue to hone my skills in customer service after moving to Nashville. I was a local ambassador to UltrAspire for backpacking and trail running. I am responsible for helping our customers prepare for all of their outdoor adventures by connecting them with necessary tools and resources.

BAR MANAGER

La Brasa | February 2017 - September 2017

I came on to the team to spruce their cocktail menu and build their bar program in a leadership role. I was in charge of ordering and management of the bar program.
